Give yourself a 33% savings - immediately!

Our proven program uses the law to:

- increase the take-home pay of over 150 million W-2,W-4 employees and 1099 Contractors
- save on taxes on checks that are deposited into bank checking or savings account
- help business owners keep more of their hard-earned money
- assist retirees, too!

Supporting the IRS and paying taxes is not the same as supporting your government. In fact, the Federal Reserve is a direct contradiction to the idea of "proper" banking as conceived by Thomas Jefferson, the author of the Constitution.

Give yourself the peace of mind that redeeming **lawful money** is not only lawful but also your duty as an American. Redeeming **lawful money** is a **Lawful Peaceable Solution** by **Operation of Law** which eliminates the need for the more confrontational "Tax Protests" or "Occupy Wall Street" movements.

Make sure you correctly endorse your hard-earned paycheck for **lawful money**. You can use it on any form of check - payroll, gift, lotto winning, Social Security etc. This works even if you have direct deposit.

This 28 page report and guide comes with the Memorandum of Law and the United States Statues that will teach you how to lawfully opt out of the private contract with the Federal Reserve System – of which the Constitution cannot help you – and you will learn how to **make use of Public Money** of the State in accord with the Constitution.

Help yourself by **performing your patriotic duty** to redeem private credit into **lawful money** which will collectively **Reduce the National Debt**. A memorandum of law and detailed instructions are included with your order. With a possible **savings of 33% or more**, you will be blessed with the ability to better support your family. You will be able to **free up more time to spend with your family** and focus on the things that truly matter to **you**.

Purchase now for just \$10
This is a \$200 value, but truly priceless
compared to the money you can be saving!

We set out to build a better way to invest.

Real estate has historically been one of the best-
performing investment assets and a core part of many
of the most successful investor portfolios.

But investing in real estate (the way institutions do)
traditionally hasn't been available to most investors
without either meeting high net worth requirements or
going through a complex and inefficient process,
riddled with high fees and outdated middlemen.

We started with a simple idea: to use technology to make high-quality real estate investments
available to everyone at a low cost.

In the beginning, we faced our fair share of skeptics, especially within the institutional
investment industry. They said our idea wasn't possible. Turns out, they were wrong.

Since launching our first offering in 2012, we've invested in more than \$4 billion worth of real
estate across the country. Today, we manage more than \$1 billion of equity on behalf of more
than 170,000 individual investors.

**Our goal is to build a better financial system for the
individual investor — one that is simpler, more reliable,
lower cost and transparent.**

Open an account with as little as \$10.

Although our business and the technology we build have continued to evolve, our mission has
always remained the same: to empower the individual investor. That's why we obsess over
things like cost efficiency, minimizing fees, frequent candid communication, and developing
smarter tools that provide better insights.

Perhaps the clearest manifestation of this investor-first approach is the fact that we're investor-
owned, allowing real estate portfolios to become fellow shareholders of the company itself
through our unique IPO model. This lets us minimize our dependency on outside capital and
better align our long-term interests with the long-term interests of our investors — in short,
making our success their success.

Almost a decade later, we're still just getting started. Welcome to the future of real estate
investing. You can open an account for as little as \$10.

GROUND FLOOR INVESTING

Ground Floor is a unique financial product for individual
investors that allows non-accredited and accredited
investors alike to participate directly in real estate
investment loans on a fractional basis. We open the door to
short-term, high-yield returns
backed by real estate. Typical
loans have returned 10%
annually on a 3 to 12-month
term. You pick your
terms! You can open an
account for as little as \$10.
These are actually like mini
CDs if you think about it.

The product is based on venture loans to real estate
entrepreneurs, originated and serviced by Ground Floor.
Prior to the offering, every loan is pre-funded by Ground
Floor after a thorough vetting of the borrower's experience,
creditworthiness, and business plan, plus an assessment of
the property value on an as-is and as-improved basis.
